

ACT81001: Alibaba Cloud Technical Essentials

Course Code: ACT81001

Duration: 1 day

Instructor-led Training (ILT) | Virtual Instructor-led Training (VILT)

OVERVIEW

In the era of Data Technology, you may be asking the following questions:

- What is cloud computing?
- How do cloud products like Elastic Compute Service, RDS, Server Load Balancer, and Object Storage Service for Alibaba Cloud work?
- Where and why should I use cloud services to replace my traditional IT infrastructure?

To answer these questions and help you benefit from cloud technology, Alibaba Cloud professionals recommend the following course: "Alibaba Cloud Technical Essentials."
