

F182G: IBM Enterprise Records 5.1 - Automate Declaration

Course Code: F182G

Duration: 1 days

Instructor-led Training (ILT) | Virtual Instructor-led Training (VILT)

OVERVIEW

Your company wants to automate records declaration for your IBM Enterprise Records system. In this course, you learn to configure automatic record declaration using two different methods: event subscriptions and workflow. You work with a fully functioning IBM Enterprise Records system to practice the skills required for automating record declaration.

SKILLS COVERED

In this course, you will learn to:

Acquire the knowledge and skills necessary to automate record declaration on an Enterprise Records system.

WHO SHOULD ATTEND?

This intermediate course is for anyone who administers an IBM Enterprise Records system.
