

RH024: Red Hat Enterprise Linux Technical Overview (RH024)

Course Code: RH024

Duration: 30 days

Instructor-led Training (ILT) | Virtual Instructor-led Training (VILT)

OVERVIEW

Learn the basics of Linux.

Red Hat Enterprise Linux Technical Overview (RH024) is a series of no-cost, on-demand, online videos that provide a technical introduction to Linux® for IT professionals. This course is based on Red Hat® Enterprise Linux 8.

SKILLS COVERED

The videos will demonstrate basic practical techniques of Linux use and system administration tasks for professionals new to the operating system who are interested in preparing for further study. You will be introduced to why Linux and the open source development model is so important in today's computing environment.

WHO SHOULD ATTEND?

- IT leaders, administrators, engineers, architects, and anyone else seeking a high-level understanding of Linux.

PREREQUISITES

There is no prerequisites required to attend this course.
