

## **DASM: Disciplined Agile Scrum Master Certification**

Course Code: DASM

Duration: 2 days

Instructor-led Training (ILT) | Virtual Instructor-led Training (VILT)

### **OVERVIEW**

The **Disciplined Agile Scrum Master** certification equips you to successfully lead agile teams, thereby future-proofing your career in a world in which agile is fast becoming the way forward. The Disciplined Agile tool kit includes hundreds of proven practices, including Scrum, Kanban, SAFe, and even some predictive approaches, and puts them into context.

By taking the course — and becoming DASM certified — you'll understand how to customize your way of working to the approach that makes sense for the situation you face in your organization and industry.

### **SKILLS COVERED**

- Grasp the fundamentals of agile and lean, and how you can practically use both approaches to produce value for your teams.
- Explore multiple agile and lean techniques from methods such as Scrum, Kanban, SAFe, and more.
- Understand how to put these techniques into practice and ensure successful agile implementation.
- Appreciate the DA mindset and its underlying principles, such as pragmatism, the power of choice, and adapting to context.
- Learn how to apply the Disciplined Agile tool kit to discover the most effective

way of working (WoW) for you, and your team in your unique situation.

### **WHO SHOULD ATTEND?**

- This workshop is for project managers, team leaders, team members, and others who are new to Agile, Lean and Disciplined Agile, those who want to learn to apply the Disciplined Agile Toolkit, those who want to hone their leadership skills and those who want to advance their career by getting their Disciplined Agile Certification.
